Message from INFINITAS

«Discover what you are capable of & listen deep into **your heart**. What is it whispering?
Everything you need to achieve your **dreams**, is already inside of you.
Be strong and face your inner fears.

Let the music flow through you & dive deep into the fantasy world.

Can you hear the demons' screams?

You've created them and only you can banish these creatures.

You are the creator of your life. Become one with the music and you will overcome everything.

Are you ready? Then....Let the journey begin... »

INFINITAS open the door to another world and leave you enchanted! They radiate pure **joy of life, power and energy** on stage.

INFINITAS used this energy and acted as **support act** for **ELUVEITIE**, at **MetalDays SLO**, at **Rockharz Festival DE**, at **Rock The Lakes CH**, at **Z7 Pratteln** and have shared the stage with acts like **ARCH ENEMY, IN FLAMES, AMON AMARTH, CORONER** and **KREATOR**.

Each song tells the story of a **demon** wreaking havoc in the fantasy world.

In their **2017** debut album **CIVITAS INTERITUS**, Adelar's hometown Lunatris is completely destroyed by demons within one night. The fight for survival begins. But are all demons really evil? Or do they serve a higher purpose? What if they are a mirror of our reality?

Fantasy and creativity characterize **INFINITAS** in a special way. The single **Skylla**, released in **2018**, catapulted the band into **Swiss charts** at **#19** (two weeks) and four weeks at **#1** on the Radio Sunshine **listener charts**.

A year later, the album **INFERNUM (2019)** was released, which continues the story around Adelar's personal hell. **INFERNUM** is a lot darker and heavier than its predecessor. And is the first part of the trilogy **MEMORIA**.

2 singles were released with **INFERNUM**. **RAHU (2019)** spent 2 weeks at **rank 1** in the Radio Sunshine **Hits** and 4 weeks at **rank 3** in the Radio Sunshine **listener charts**.

Insider tip: **Chrigel Glanzmann's** vocals (**ELUVEITIE**) are featured on the track "**Tiamat**".
